Boat of the Month

Grant Torrens International Marine presents the luxury charter vessel **ZANZIBAR II** for sale. The 70ft Monte Fino Flybridge Motor Yacht was built in 2003 and is suitable for day trips and overnighting.

Regarded as a "five-star hotel on water", *Zanzibar II* can cater for up to 30 people on day trips or nine guests on overnight stays in four staterooms (three doubles and one twin). All cabins have personal en suites.

For entertaining or relaxing the saloon area is fitted with a surround-sound Bose Lifestyle system and a large, retracting plasma TV, while large lounges are ideal to lie back grab a book or just laze around

enjoying the ocean surroundings.

Boarding is via an aft, teak-laid swimplatform with stairs to both port and starboard sides. The swimplatform also boasts a hot and cold shower, concealed swimladder and stainless steel barbecue. The transom stairs rise to a teak-laid aft deck, dominated by a dining table and seating for eight shaded under a full hardtop and serviced by an icemaker and sink.

The upper level of *ZANZIBAR II* includes the helm station, bar fridge with an icemaker, dining section, and a large cushioned seating area.

The Monte Fino is powered by twin 1050hp MAN diesel

shaftdrives, with bow and stern thrusters and a handheld Yacht Controller remote for manoeuvring. The engines have approximately 1078 hours on the clock, and an 18.6kVa Kohler genset takes care of onboard electricals away from dock.

ZANZIBAR II carries current Queensland Transport Commercial registration, and Grant Torrens International Marine adds the charter vessel is "beautifully appointed with all of the luxuries for your next getaway or for entertaining potential clients".

The motoryacht has recently returned to the brokerage's Gold Coast marina for sale after cruising the Whitsundays for many years.

Grant Torrens International Marine says it will consider trade-ins or small property trades. Genuine offers, it says, will be considered.

The brokerage is at The Sovereign Mile, Sovereign Islands, Gold Coast. For more info, phone (07) 5577 2299 or www.granttorrensmarine.com.au
