

Sovereign Soiree

Grant Torrens

Grant Torrens International Marine – the largest international marine brokerage of its kind in Australia – was the site of the company’s annual boat show and celebration of all things boating. This year, Grant and Sharon welcomed a new addition to the lineup with the superb Lazzara Yacht range joining the Torrens’ stable. Guests celebrated over the few days, despite inclement conditions, socialising, catching up with old friends and colleagues, as well as admiring the impressive selection of big name boats for sale and charter, more than 3000 in Australia and around the world. VIP Guests continue to enjoy what has become a tradition on the Gold Coast, as the Grant Torrens Marine Brokerage Show just keeps growing in stature every year, making it the event to attend on the marine and social calendars.
